My journey started with flowers when I went to adult Education classes. From there I entered local horticultural classes and joined flower clubs and became an avid lover of flowers and the woods.

The journey continued with teaching for thirty years in adult education and twenty-five years as head florist at a prestigious Relais & Chateaux hotel running many workshops and master classes.

I branched out into demonstrating and competitions and became an area Chairman.

Competed in WAFA shows and was honorary exhibitor for NAFAS at WAFA Glasgow.

Part of a Gold NAFAS team at Chelsea and an individual Chelsea Gold winner.

The journey continues.....
