

IDEA 2 – FLOWER ARRANGING

YOU WILL NEED :

A jam jar, size of your choice and according to how many flowers you might have – (the label will be hidden so you don't need to remove it) –

Double sided tape - a pair of scissors -

Some wool or twine/string – colour of your choice – buttons and Tacky glue – or pretty stickers - if you wish to decorate your jar – (or other suitable glue)

Flowers – some dainty stems : such as daisy, spray carnation, spray rose – and any small-leaved foliage you have available

Place lengths of double-sided tape at intervals around your jar and round the lid area – pull off the white strips – wind your wool/twine/string around your jar making sure it all sticks fairly well to your jar and tape – secure each end with glue or tape.

Decorate your jar with buttons if you wish – then nearly fill your jar with cool water - place your flower and foliage stems into the jar.

A little jar of pretty flowers for Mum, or Grandma/Nanny – or for your friend's birthday -
